description

JUCE – Kirchberg (Weimershof), 114 Rue des Muguets

Located in one of Kirchberg's most peaceful and sought-after residential streets, JUCE blends elegant contemporary architecture with an outstanding location in the heart of Weimershof — just steps from Boulevard John F. Kennedy, the tram, Auchan shopping centre, the Coque, the Philharmonie and the National Library.

Developed by BauerGroup and KOBA, in collaboration with CBA Architects, JUCE is a high-end boutique residential project defined by timeless design, optimised layouts and a high level of finish included from the start — with no hidden costs or unnecessary options.

The apartments feature generous terraces with a south-east orientation and open views over a green setting. The studios, compact yet exceptionally well-designed, are delivered move-in ready with a fully fitted and fully equipped bespoke kitchen — a major advantage for both premium investment purposes and an exclusive pied-à-terre in Kirchberg.
